Presents

Train-the-Trainer

June 13, 2012

DESCRIPTION: This information-packed seminar will prepare participants to teach Coaching Systems' Coaching the Lift Truck Operator II™ program — which, since its introduction, has been used to train over half a million lift truck operators nationwide. The program offers instructors the tools necessary to meet OSHA's new requirements for formal instruction, practical training and evaluation. Throughout the seminar, attendees will not only complete the course themselves...they will also learn proven educational methods and valuable tips for running a successful training program.

EACH PARTICIPANT WILL RECEIVE A COURSE COMPLETION CERTIFICATE AND A COMPLETE COACHING THE LIFT TRUCK OPERATOR™ INSTRUCTOR'S KIT, which includes:

- A comprehensive **OPERATOR VIDEO**** which addresses pre-start safety considerations, lift truck design considerations and safety procedures for picking up, moving and setting down a load.
- A **PEDESTRIAN VIDEO**** to be shown to non-operators working around lift trucks
- Eight **OVERHEAD TRANSPARENCIES** depicting actual lift truck "accident" situations to generate group discussion of preventability issues
- A fully scripted **INSTRUCTOR'S GUIDE** that offers a step-by-step presentation with wide margins for notes and customization. It also includes administrative guidelines, testing options, a Class Registration Form, an Inspection Checklist, an Evaluation/Performance Checklist (also used to determine which operators need refresher or remedial training), a Certification of Training and/or Evaluation Form, OSHA background information, and guidelines and exercises for setting up a hands-on training session.

**** VIDEO NOTE:** Available in VHS & DVD formats-please indicate choice when registering.

OPERATOR RESPONSE BOOKS (One included in class; quantities available separately) Actively involve participants throughout the training. Participants recall and apply information presented in the video segments to Response Book situations and exercises and review a series of "OSHA Reminder Points." **COURSE COMPLETION CERTIFICATES** and **WALLET CARDS** included.
